**The Model 390 Thin Line Retractable-Belt® is perfect to match and upgrade an existing line.**

**10 Year  
Warranty**

Model #  
390PC-BK

The classic design of a 2" diameter post and a slightly larger 2.5" diameter head will blend right in with any similar shaped posts. The Model 390 has all of the standard features you expect in a Retractable-Belt®, including built in sign attachment, individual part replacement, state of the art rotary brake and a universal belt clip that works with most other stanchions. We provide you all of this at a lower cost PLUS the added option of shipping Knocked-Down to save even more on shipping.

Our unique base connection keeps the post straight and even, eliminating the "drunken soldier" effect others are prone to.
