

Featured Product: Utility Post

Weatherproof construction that's built to withstand the toughest environments.

The Utility Retracta-Belt® features an outdoor-rated post that is constructed of fully weatherproof and UV-resistant materials. Two unique base options make the utility post ideal for any outdoor application. Posts are available in premium PVC or aluminum, and belts are available in 10' or 15' lengths.

Entirely made of rust-proof materials: plastic, aluminum and rubber are UV-rated for true outdoor use. Color won't fade, dry out or become brittle from the sun.

E-Z Back braking system: creates the safest post on the market

Convenient carrying handle: built into the base design for easy transport

Easy assembly: simply press the post into base (twist to lock in plastic base)

Premium PVC or Aluminum post: for durable yet lightweight use in harsh environments.

Additional Features

- ▶ 10 year warranty
- ▶ All parts are easily replaceable
- ▶ Ships Knocked-Down

Two Unique Base Designs to Suit Any Utility Application

100% Recycled Rubber Base:

- ▶ Crush-proof rubber will withstand the harshest environments
- ▶ Made from 100% post consumer products
- ▶ Each base prevents one tire from being sent to landfills

Plastic Fillable Base:

- ▶ Weighs only 2 lbs. when empty for low shipping costs
- ▶ Fills with sand or water to increase base weight up to 23 lbs
- ▶ Easy to transport and store
